

EMERGENCY ANNOUNCEMENT FOR THE 15-YEAR-OLD J.K. ARRESTED OF PROSFYGIKA

The situation with the 15 year old arrested from the prosfygika community is critical and we call for immediate mobilization. He has been subjected to physical and psychological torture. His mother and his 13-year-old brother are being terrorized, threatened and blackmailed, under the pretext of the 15-year-old.

At 5.30 p.m., while he was going to a kiosk in Dimitsanas Street, next to the neighbourhood to do some shopping, DRASI police forces arrested him, throwing him off his bicycle and led him to the GADA detention centre, beating him and threatening him with the expressions "cunt", "son of a bitch", "we will fuck you". There, with renewed vulgar sexist threats and especially with the threat of rape, they tried to extract a confession from him that he had participated in yesterday's events that unfolded in prosfygika neighborhood. The 15-year-old, terrified and in a bad psychological state, asked for a lawyer. The GADA cops continued their orgy of vulgar sexist threats and kept repeating to him what he had confessed during his arrestation, with the aim of not only further terrorizing him, but also practicing all their usual sadistic practices to break and destroy his morale.

All of the above constitute torture and in this case they do not hesitate to apply it to a minor.

It is no coincidence that of all the people in the neighborhood who were moved out of the neighborhood throughout the day, the cops chose to arrest the 15-year-old student of the 2nd grade of the Athens Music School. Both he and his family, immigrants from Venezuela, had been subjected to extreme violent repression during the invasion at prosfygika on 22/11/22 and they too belong to the vulnerable social groups residing in the neighbourhood.

GADA is blackmailing the presence of the mother there for the purpose of imminent arrest, as with the morning court file, every person in the community, out of the "70 strangers", can be charged and arrested.

We call on every struggling person to recognize the gravity of the situation that has arisen through the provocative state and parastate planning of the strategy of tension and to understand the orgy of physical and political repression that the state is attempting to play on Prosfygika body.

HANDS OFF PROSFYGIKA SOLIDARITY WILL WIN
